

Brainstation Clinics offer two options of clinical CBT supervision for psychologists:

- **Option 1: Supervision Monthly**
  - Individual Supervision = 3 sessions of 1 hour (total of 3 hours/month) = 400\$ per month
  - Pair supervision (2 individuals) = 3 sessions of 1 hour (total 3 hours/month) = 250\$ per month per participant
  - Group supervision (3 individuals) = 4 sessions of 1 hour each (total 4 hours/month) = 250\$ per month per participant
  
- **Option 2: Supervision as part of the CBT 2-year Diploma Programme**
  - After completing the CBT certificate and one (or two) CBT pathways (please refer to the CBT 2-year programme PDF), students will need to attend supervision sessions and discuss at least 5 different cases including bringing part of sessions' recording (with the client's consent).
  - Length: 7 months
  - Price: 670 USD

*Supervision sessions will be delivered by licensed senior psychologists and supervisors at Brainstation Clinics.*

**IMPORTANT NOTE:** Psychologists who are completing the 2-year CBT program can also choose to take the Supervision Monthly option (Individual or Group). The completed hours of supervision will be deducted from the required hours of the 7-month Supervision Module.
